Subject Index*

A

Abscess
Native aortic valve enterococcal endocarditis with myocardial paravalvular abscess (Mieszczanska et al). 2003;32:272-4
Activities of daily living
Comparison of oxygen consumption in performing daily activities between patients with chronic obstructive pulmonary disease and a healthy population (Jeng et al). 2003;32:121-30
Adaptation, psychological
Psychological therapies for recipients of implantable cardioverter defibrillators (Edelman et al). 2003;32:234-40
Adolescence
Cardiovascular autonomic function in healthy adolescents (Faulkner et al). 2003;32:10-22. Correction 2003;32:139
Aerobic exercise; *see* Exercise
Age factors
Effects of age and race on skin condition and bacterial counts on hands of neonatal ICU nurses (Sultana et al). 2003;32:283-9
Aged
Can treatment with angiotensin-converting enzyme inhibitors in elderly patients with moderate to severe chronic heart failure be improved by a nurse-monitored structured care program? A randomized controlled trial (Ekman et al). 2003;32:3-9
Gender differences in the health related quality of life of older adults with heart failure (Friedman). 2003;32:320-7
Alternative medicine
Nurse attitudes towards the use of complementary and alternative therapies in critical care (Tracy et al). 2003;32:197-209
Altitude
High-altitude–related disorders—Part I: pathophysiology, differential diagnosis, and treatment (Rodway et al). 2003;32:353-9
Aneurysm
Transesophageal echocardiographic detection of a pulmonary artery aneurysm complicated by thrombus (Güler et al). 2003;32:159-61
Angioplasty, transluminal, percutaneous coronary
A descriptive study of early nonspecific chest pain after PTCA: important area for the acute health care personnel (Ronnevig et al). 2003;32:241-9
Angiotensin-converting enzyme; *see* Kininase II
Antibiotics
Current management of bronchiectasis: review and 3 case studies (Silverman et al). 2003;32:59-64. Correction 2003;32:110
Antibodies, antiphospholipid
Case report: acute myocardial infarction in a 32-year-old white male found to have antiphospholipid antibody syndrome and MTHFR mutation homozygosity (Stoupakis et al). 2003;32:266-71
Antineutrophils; *see* Neutrophils
Anxiety
Depression and anxiety in adults with congenital heart disease: a pilot study (Bromberg et al). 2003;32:105-10
Description of anxiety levels by individual differences and clinical factors in patients receiving mechanical ventilatory support (Chlan). 2003;32:275-82
Patient anxiety while on a waiting list for coronary artery bypass surgery: a qualitative and quantitative analysis (Fitzsimons et al). 2003;32:23-31
Aortic valve
Native aortic valve enterococcal endocarditis with myocardial paravalvular abscess (Mieszczanska et al). 2003;32:272-4
Appetite depressants
Case report: Dexatrim (phenylpropanolamine) as a cause of myocardial infarction (Pilsczek et al). 2003;32:100-4
Asthma
Are self-reports of breathing effort and breathing distress stable and valid measures among persons with asthma, persons with COPD, and healthy persons? (Meek et al). 2003;32:335-46
Atrial fibrillation
Patient experiences with atrial fibrillation and treatment with implantable atrial defibrillation therapy (Deaton et al). 2003;32:291-9
Attitude
Nurse attitudes towards the use of complementary and alternative therapies in critical care (Tracy et al). 2003;32:197-209
Australia
Aerobic exercise and the post myocardial infarction patient: a review of the literature (Gassner et al). 2003;32:258-65
Effects of a telephone counseling intervention on psychosocial adjustment in women following a cardiac event (Gallagher et al). 2003;32:79-87
Autoantibodies
Streptococcal viridans subacute bacterial endocarditis associated with antineutrophil cytoplasmic autoantibodies (ANCA) (de Corla-Souza and Cunha). 2003;32:140-3
Autonomic nervous system
Cardiovascular autonomic function in healthy adolescents (Faulkner et al). 2003;32:10-22. Correction 2003;32:139

B

Bacterial count; *see* Colony count, microbial
Bacterial endocarditis; *see* Endocarditis, bacterial
Behavior
Health perceptions and risk behaviors of lung cancer survivors (Evangelista et al). 2003;32:131-9
Biomechanics
Dynamic cardiomyoplasty as a biomechanic bridge to heart transplantation (Küçükaksu et al). 2003;32:407-11
Blood flow velocity
The effect of dobutamine infusion on fractional diaphragm thickening and diaphragm blood flow during fatigue (Smith-Blair et al). 2003;32:111-20
Breathing; *see* Respiration
Bronchiectasis
Current management of bronchiectasis: review and 3 case studies (Silverman et al). 2003;32:59-64. Correction 2003;32:110
Bronchoscopy
Current management of bronchiectasis: review and 3 case studies (Silverman et al). 2003;32:59-64. Correction 2003;32:110

C

Cardiac diseases; *see* Heart diseases
Cardiac pacing, artificial
Single lead dual-chamber pacing (Mitchell et al). 2003;32:144-5
Cardiomyoplasty; *see* Heart surgery
Cardiovascular system
Cardiovascular autonomic function in healthy adolescents (Faulkner et al). 2003;32:10-22. Correction 2003;32:139
Cardiovascular risk reductions associated with aggressive lifestyle modification and cardiac rehabilitation (Aldana et al). 2003;32:374-82
Chest pain
A descriptive study of early nonspecific chest pain after PTCA: important area for the acute health care personnel (Ronnevig et al). 2003;32:241-9
Chronic obstructive pulmonary disease; *see* Lung diseases, obstructive
Cognition
Short-term effects of exercise and music on cognitive performance among participants in a cardiac rehabilitation program (Emery et al). 2003;32:368-73
Colony count, microbial
Effects of age and race on skin condition and bacterial counts on hands of neonatal ICU nurses (Sultana et al). 2003;32:283-9
Compliance, patient; *see* Patient compliance
Computers
Pilot study of a web-based compliance monitoring device for patients with congestive heart failure (Artinian et al). 2003;32:226-33
Congenital heart defects; *see* Heart defects, congenital
Congestive heart failure; *see* Heart failure, congestive
COPD; *see* Lung diseases, obstructive
Coronary artery bypass
Comparative analysis of risk-adjusted bypass surgery stratification models in a community hospital (Reed). 2003;32:383-90
The coronary artery bypass experience: gender differences (Keresztes et al). 2003;32:308-19

*January/February, pp 1-70; March/April, pp 71-146; May/June, pp 147-214; July/August, pp 215-290; September/October, pp 291-352; November/December, pp 353-426.

Impact of a home communication intervention for coronary artery bypass graft patients with ischemic heart failure on self-efficacy, coronary disease risk factor modification, and functioning (Barnason et al). 2003;32:147-58
Patient anxiety while on a waiting list for coronary artery bypass surgery: a qualitative and quantitative analysis (Fitzsimons et al). 2003;32:23-31
Single lead dual-chamber pacing (Mitchell et al). 2003;32:144-5
Coronary disease
Impact of a home communication intervention for coronary artery bypass graft patients with ischemic heart failure on self-efficacy, coronary disease risk factor modification, and functioning (Barnason et al). 2003;32:147-58
Six-minute walk performance and quality of life comparisons in North Carolina cardiac rehabilitation programs (Verrill et al). 2003;32:41-51
Transient myocardial ischemia is an independent predictor of adverse in-hospital outcomes in patients with acute coronary syndromes treated in the telemetry unit (Pelter et al). 2003;32:71-8
Corrections
Cardiovascular autonomic function in healthy adolescents (Faulkner et al) (2003;32:10-22). 2003;32:139
Current management of bronchiectasis: review and 3 case studies (Silverman et al) (2003;32:59-64). 2003;32:110
Correspondence; *see* Letter to the editor
Counseling
Effects of a telephone counseling intervention on psychosocial adjustment in women following a cardiac event (Gallagher et al). 2003;32:79-87
Critical care
Critical thinking and clinical decision making in critical care nursing: a pilot study (Hicks et al). 2003;32:169-80
Nurse attitudes towards the use of complementary and alternative therapies in critical care (Tracy et al). 2003;32:197-209
Subject recruitment in critical care nursing research: a complex task in a complex environment (Grap and Munro). 2003;32:162-8
Critical thinking
Critical thinking and clinical decision making in critical care nursing: a pilot study (Hicks et al). 2003;32:169-80
Cytoplasm
Streptococcal viridans subacute bacterial endocarditis associated with antineutrophil cytoplasmic autoantibodies (ANCA) (de Corla-Souza and Cunha). 2003;32:140-3

D

Daily living; *see* Activities of daily living
Decision making
Critical thinking and clinical decision making in critical care nursing: a pilot study (Hicks et al). 2003;32:169-80
Hemodynamic team decision making in the cardiac surgical intensive care context (Currey et al). 2003;32:181-9
Defibrillators, implantable
Patient experiences with atrial fibrillation and treatment with implantable atrial defibrillation therapy (Deaton et al). 2003;32:291-9
Psychological therapies for recipients of implantable cardioverter defibrillators (Edelman et al). 2003;32:234-40
Dengue
Dengue fever: diagnostic importance of a camelback fever pattern (Cunha). 2003;32:414-8
Depression
Depression and anxiety in adults with congenital heart disease: a pilot study (Bromberg et al). 2003;32:105-10
Diagnosis
Dengue fever: diagnostic importance of a camelback fever pattern (Cunha). 2003;32:414-8
Diagnosis, differential
High-altitude–related disorders—Part I: pathophysiology, differential diagnosis, and treatment (Rodway et al). 2003;32:353-9
Diaphragm
The effect of dobutamine infusion on fractional diaphragm thickening and diaphragm blood flow during fatigue (Smith-Blair et al). 2003;32:111-20
Dobutamine
The effect of dobutamine infusion on fractional diaphragm thickening and diaphragm blood flow during fatigue (Smith-Blair et al). 2003;32:111-20

E

Ebstein's anomaly
Tachycardia in Ebstein's anomaly (Nikolić). 2003;32:347-9
Echocardiography, transesophageal
Transesophageal echocardiographic detection of a pulmonary artery aneurysm complicated by thrombus (Güler et al). 2003;32:159-61
Education
The quality of intensive care nursing before, during, and after the introduction of nurses without ICU-training (Binnekade et al). 2003;32:190-6
Elderly patients; *see* Aged
Electrocardiography
Accrochage (Nikolić). 2003;32:412-3
Endocarditis, bacterial
Native aortic valve enterococcal endocarditis with myocardial paravalvular abscess (Mieszczanska et al). 2003;32:272-4
Streptococcal viridans subacute bacterial endocarditis associated with antineutrophil cytoplasmic autoantibodies (ANCA) (de Corla-Souza and Cunha). 2003;32:140-3
Exercise
Aerobic exercise and the post myocardial infarction patient: a review of the literature (Gassner et al). 2003;32:258-65
Short-term effects of exercise and music on cognitive performance among participants in a cardiac rehabilitation program (Emery et al). 2003;32:368-73

F

Family
Impact of chronic obstructive pulmonary disease on family functioning (Kanervisto et al). 2003;32:360-7
Fatigue
The effect of dobutamine infusion on fractional diaphragm thickening and diaphragm blood flow during fatigue (Smith-Blair et al). 2003;32:111-20
Fever
Dengue fever: diagnostic importance of a camelback fever pattern (Cunha). 2003;32:414-8

Gender; *see* Sex

H

Health
Correlates of health-related quality of life among lower-income, urban adults with congestive heart failure (Clark et al). 2003;32:391-401
Gender differences in the health related quality of life of older adults with heart failure (Friedman). 2003;32:320-7
Health perceptions and risk behaviors of lung cancer survivors (Evangelista et al). 2003;32:131-9
Health personnel
A descriptive study of early nonspecific chest pain after PTCA: important area for the acute health care personnel (Ronnevig et al). 2003;32:241-9
Heart defects, congenital
Depression and anxiety in adults with congenital heart disease: a pilot study (Bromberg et al). 2003;32:105-10
Heart diseases
Effects of a telephone counseling intervention on psychosocial adjustment in women following a cardiac event (Gallagher et al). 2003;32:79-87
Heart failure, congestive
Can treatment with angiotensin-converting enzyme inhibitors in elderly patients with moderate to severe chronic heart failure be improved by a nurse-monitored structured care program? A randomized controlled trial (Ekman et al). 2003;32:3-9
Correlates of health-related quality of life among lower-income, urban adults with congestive heart failure (Clark et al). 2003;32:391-401
Gender differences in the health related quality of life of older adults with heart failure (Friedman). 2003;32:320-7
Identification of factors predictive of hospital readmissions for patients with heart failure (Schwarz and Elman). 2003;32:88-99
Impact of a home communication intervention for coronary artery bypass graft patients with ischemic heart failure on self-efficacy, coronary disease risk factor modification, and functioning (Barnason et al). 2003;32:147-58

Pilot study of a web-based compliance monitoring device for patients with congestive heart failure (Artinian et al). 2003;32:226-33
Qualitative analysis of living with heart failure (Zambroski). 2003;32:32-40
Sex-related differences in heart failure (Hussey and Hardin). 2003;32:215-25
Triple tachycardia (Nikolić). 2003;32:67-9

Heart neoplasms
A case of leiomyosarcoma originating from pulmonary vein, occluding mitral inflow (Gürbüz et al). 2003;32:210-4

Heart surgery
Comparative analysis of risk-adjusted bypass surgery stratification models in a community hospital (Reed). 2003;32:383-90
Dynamic cardiomyoplasty as a biomechanic bridge to heart transplantation (Küçükaksu et al). 2003;32:407-11
Hemodynamic team decision making in the cardiac surgical intensive care context (Currey et al). 2003;32:181-9

Heart transplantation
Dynamic cardiomyoplasty as a biomechanic bridge to heart transplantation (Küçükaksu et al). 2003;32:407-11
Meaning and life purpose: the perspectives of post-transplant women (Evangelista et al). 2003;32:250-7

Hemodynamics
Hemodynamic team decision making in the cardiac surgical intensive care context (Currey et al). 2003;32:181-9

Herpes simplex
Herpes simplex virus pneumonia presenting as failure to wean from a ventilator (Eisenstein and Cunha). 2003;32:65-6

Home care services
Impact of a home communication intervention for coronary artery bypass graft patients with ischemic heart failure on self-efficacy, coronary disease risk factor modification, and functioning (Barnason et al). 2003;32:147-58
Pilot study of a web-based compliance monitoring device for patients with congestive heart failure (Artinian et al). 2003;32:226-33

Homozygote
Case report: acute myocardial infarction in a 32-year-old white male found to have antiphospholipid antibody syndrome and MTHFR mutation homozygosity (Stoupakis et al). 2003;32:266-71

Hospital readmission; *see* Patient readmission

Hospitalization
Transient myocardial ischemia is an independent predictor of adverse in-hospital outcomes in patients with acute coronary syndromes treated in the telemetry unit (Pelter et al). 2003;32:71-8

Hospitals, community
Comparative analysis of risk-adjusted bypass surgery stratification models in a community hospital (Reed). 2003;32:383-90

I

Implantable cardioverter defibrillators; *see* Defibrillators, implantable

Income
Correlates of health-related quality of life among lower-income, urban adults with congestive heart failure (Clark et al). 2003;32:391-401

Individuality
Description of anxiety levels by individual differences and clinical factors in patients receiving mechanical ventilatory support (Chlan). 2003;32:275-82

Infusions, intravenous
The effect of dobutamine infusion on fractional diaphragm thickening and diaphragm blood flow during fatigue (Smith-Blair et al). 2003;32:111-20

Intensive care units
Hemodynamic team decision making in the cardiac surgical intensive care context (Currey et al). 2003;32:181-9
The quality of intensive care nursing before, during, and after the introduction of nurses without ICU-training (Binnekade et al). 2003;32:190-6

Intensive care units, neonatal
Effects of age and race on skin condition and bacterial counts on hands of neonatal ICU nurses (Sultana et al). 2003;32:283-9

Ischemia
Impact of a home communication intervention for coronary artery bypass graft patients with ischemic heart failure on self-efficacy, coronary disease risk factor modification, and functioning (Barnason et al). 2003;32:147-58

K

Kininase II
Can treatment with angiotensin-converting enzyme inhibitors in elderly patients with moderate to severe chronic heart failure be improved by a nurse-monitored structured care program? A randomized controlled trial (Ekman et al). 2003;32:3-9

L

Leiomyosarcoma
A case of leiomyosarcoma originating from pulmonary vein, occluding mitral inflow (Gürbüz et al). 2003;32:210-4

Letter to the editor
Letter to the editor. 2003;32:350-1

Life change events
Meaning and life purpose: the perspectives of post-transplant women (Evangelista et al). 2003;32:250-7

Life style
Cardiovascular risk reductions associated with aggressive lifestyle modification and cardiac rehabilitation (Aldana et al). 2003;32:374-82
Health perceptions and risk behaviors of lung cancer survivors (Evangelista et al). 2003;32:131-9
Qualitative analysis of living with heart failure (Zambroski). 2003;32:32-40

Lung diseases, obstructive
Are self-reports of breathing effort and breathing distress stable and valid measures among persons with asthma, persons with COPD, and healthy persons? (Meek et al). 2003;32:335-46
Comparison of oxygen consumption in performing daily activities between patients with chronic obstructive pulmonary disease and a healthy population (Jeng et al). 2003;32:121-30
Impact of chronic obstructive pulmonary disease on family functioning (Kanervisto et al). 2003;32:360-7
Triple tachycardia (Nikolić). 2003;32:67-9

Lung neoplasms
Health perceptions and risk behaviors of lung cancer survivors (Evangelista et al). 2003;32:131-9

M

Mechanical ventilation; *see* Respiration, artificial

Methylenetetrahydrofolate reductase
Case report: acute myocardial infarction in a 32-year-old white male found to have antiphospholipid antibody syndrome and MTHFR mutation homozygosity (Stoupakis et al). 2003;32:266-71

Mitral valve
A case of leiomyosarcoma originating from pulmonary vein, occluding mitral inflow (Gürbüz et al). 2003;32:210-4
SAM-systolic anterior motion of the anterior mitral valve leaflet post-surgical mitral valve repair (Charls). 2003;32:402-6

Monitoring, physiologic
Can treatment with angiotensin-converting enzyme inhibitors in elderly patients with moderate to severe chronic heart failure be improved by a nurse-monitored structured care program? A randomized controlled trial (Ekman et al). 2003;32:3-9

Music
Short-term effects of exercise and music on cognitive performance among participants in a cardiac rehabilitation program (Emery et al). 2003;32:368-73

Mutation
Case report: acute myocardial infarction in a 32-year-old white male found to have antiphospholipid antibody syndrome and MTHFR mutation homozygosity (Stoupakis et al). 2003;32:266-71

Myocardial infarction
Aerobic exercise and the post myocardial infarction patient: a review of the literature (Gassner et al). 2003;32:258-65
Case report: acute myocardial infarction in a 32-year-old white male found to have antiphospholipid antibody syndrome and MTHFR mutation homozygosity (Stoupakis et al). 2003;32:266-71
Case report: Dexatrim (phenylpropanolamine) as a cause of myocardial infarction (Pilsczek et al). 2003;32:100-4
Posttraumatic stress disorder in first-time myocardial infarction patients (Pedersen et al). 2003;32:300-7

Myocardial ischemia
Transient myocardial ischemia is an independent predictor of adverse in-hospital outcomes in patients with acute coronary syndromes treated in the telemetry unit (Pelter et al). 2003;32:71-8

Myocardium
Native aortic valve enterococcal endocarditis with myocardial paravalvular abscess (Mieszczanska et al). 2003;32:272-4

N

Neonatal ICU; *see* Intensive care units, neonatal
Neutrophils
Streptococcal viridans subacute bacterial endocarditis associated with antineutrophil cytoplasmic autoantibodies (ANCA) (de Corla-Souza and Cunha). 2003;32:140-3
Nursing
Can treatment with angiotensin-converting enzyme inhibitors in elderly patients with moderate to severe chronic heart failure be improved by a nurse-monitored structured care program? A randomized controlled trial (Ekman et al). 2003;32:3-9
Critical thinking and clinical decision making in critical care nursing: a pilot study (Hicks et al). 2003;32:169-80
Nurse attitudes towards the use of complementary and alternative therapies in critical care (Tracy et al). 2003;32:197-209
The quality of intensive care nursing before, during, and after the introduction of nurses without ICU-training (Binnekade et al). 2003;32:190-6
Subject recruitment in critical care nursing research: a complex task in a complex environment (Grap and Munro). 2003;32:162-8

O

Older adults; *see* Aged
Oxygen consumption
Comparison of oxygen consumption in performing daily activities between patients with chronic obstructive pulmonary disease and a healthy population (Jeng et al). 2003;32:121-30

P

Pacemaker, artificial
Accrochage (Nikolić). 2003;32:412-3
Patient compliance
Pilot study of a web-based compliance monitoring device for patients with congestive heart failure (Artinian et al). 2003;32:226-33
Patient readmission
Identification of factors predictive of hospital readmissions for patients with heart failure (Schwarz and Elman). 2003;32:88-99
Patients
Patient anxiety while on a waiting list for coronary artery bypass surgery: a qualitative and quantitative analysis (Fitzsimons et al). 2003;32:23-31
Patient experiences with atrial fibrillation and treatment with implantable atrial defibrillation therapy (Deaton et al). 2003;32:291-9
Perception
Health perceptions and risk behaviors of lung cancer survivors (Evangelista et al). 2003;32:131-9
Meaning and life purpose: the perspectives of post-transplant women (Evangelista et al). 2003;32:250-7
Phenylpropanolamine
Case report: Dexatrim (phenylpropanolamine) as a cause of myocardial infarction (Pilsczek et al). 2003;32:100-4
Pneumonia
Herpes simplex virus pneumonia presenting as failure to wean from a ventilator (Eisenstein and Cunha). 2003;32:65-6
Positive pressure respiration
A randomized, controlled trial of 1 week of continuous positive airway pressure treatment on quality of life (Profant et al). 2003;32:52-8
Post-transplantation, heart; *see* Heart transplantation
Postoperative complications
SAM-systolic anterior motion of the anterior mitral valve leaflet post-surgical mitral valve repair (Charls). 2003;32:402-6
Posttraumatic stress disorders; *see* Stress disorders, posttraumatic
Prognosis
Transient myocardial ischemia is an independent predictor of adverse in-hospital outcomes in patients with acute coronary syndromes treated in the telemetry unit (Pelter et al). 2003;32:71-8
Psychological adaptation; *see* Adaptation, psychological
Psychosocial adjustment; *see* Social adjustment
PTCA; *see* Angioplasty, transluminal, percutaneous coronary
Pulmonary artery
Transesophageal echocardiographic detection of a pulmonary artery aneurysm complicated by thrombus (Güler et al). 2003;32:159-61
Pulmonary veins
A case of leiomyosarcoma originating from pulmonary vein, occluding mitral inflow (Gürbüz et al). 2003;32:210-4

Q

Quality of health care
The quality of intensive care nursing before, during, and after the introduction of nurses without ICU-training (Binnekade et al). 2003;32:190-6
Quality of life
The coronary artery bypass experience: gender differences (Keresztes et al). 2003;32:308-19
Correlates of health-related quality of life among lower-income, urban adults with congestive heart failure (Clark et al). 2003;32:391-401
Gender differences in the health related quality of life of older adults with heart failure (Friedman). 2003;32:320-7
Impact of chronic obstructive pulmonary disease on family functioning (Kanervisto et al). 2003;32:360-7
Qualitative analysis of living with heart failure (Zambroski). 2003;32:32-40
A randomized, controlled trial of 1 week of continuous positive airway pressure treatment on quality of life (Profant et al). 2003;32:52-8
Six-minute walk performance and quality of life comparisons in North Carolina cardiac rehabilitation programs (Verrill et al). 2003;32:41-51

R

Race factors
Effects of age and race on skin condition and bacterial counts on hands of neonatal ICU nurses (Sultana et al). 2003;32:283-9
Rehabilitation
Cardiovascular risk reductions associated with aggressive lifestyle modification and cardiac rehabilitation (Aldana et al). 2003;32:374-82
Short-term effects of exercise and music on cognitive performance among participants in a cardiac rehabilitation program (Emery et al). 2003;32:368-73
Six-minute walk performance and quality of life comparisons in North Carolina cardiac rehabilitation programs (Verrill et al). 2003;32:41-51
Research
Subject recruitment in critical care nursing research: a complex task in a complex environment (Grap and Munro). 2003;32:162-8
Respiration
Are self-reports of breathing effort and breathing distress stable and valid measures among persons with asthma, persons with COPD, and healthy persons? (Meek et al). 2003;32:335-46
Respiration, artificial
Description of anxiety levels by individual differences and clinical factors in patients receiving mechanical ventilatory support (Chlan). 2003;32:275-82
The lived experience of survivors of prolonged mechanical ventilation: a phenomenological study (Arslanian-Engoren and Scott). 2003;32:328-34
Respiratory function tests
Current management of bronchiectasis: review and 3 case studies (Silverman et al). 2003;32:59-64. Correction 2003;32:110
Reviewers
Acknowledgment of reviewers. 2003;32:1-2
Risk factors
Cardiovascular risk reductions associated with aggressive lifestyle modification and cardiac rehabilitation (Aldana et al). 2003;32:374-82
Impact of a home communication intervention for coronary artery bypass graft patients with ischemic heart failure on self-efficacy, coronary disease risk factor modification, and functioning (Barnason et al). 2003;32:147-58

S

Sex
The coronary artery bypass experience: gender differences (Keresztes et al). 2003;32:308-19
Gender differences in the health related quality of life of older adults with heart failure (Friedman). 2003;32:320-7
Sex-related differences in heart failure (Hussey and Hardin). 2003;32:215-25
Skin
Effects of age and race on skin condition and bacterial counts on hands of neonatal ICU nurses (Sultana et al). 2003;32:283-9
Sleep apnea syndromes
A randomized, controlled trial of 1 week of continuous positive airway pressure treatment on quality of life (Profant et al). 2003;32:52-8
Social adjustment
Effects of a telephone counseling intervention on psychosocial adjust-

ment in women following a cardiac event (Gallagher et al). 2003;32:79-87

Social support
Identification of factors predictive of hospital readmissions for patients with heart failure (Schwarz and Elman). 2003;32:88-99

Sputum
Current management of bronchiectasis: review and 3 case studies (Silverman et al). 2003;32:59-64. Correction 2003;32:110

Streptococcal viridans
Streptococcal viridans subacute bacterial endocarditis associated with antineutrophil cytoplasmic autoantibodies (ANCA) (de Corla-Souza and Cunha). 2003;32:140-3

Stress disorders, posttraumatic
Posttraumatic stress disorder in first-time myocardial infarction patients (Pedersen et al). 2003;32:300-7

Survival
The lived experience of survivors of prolonged mechanical ventilation: a phenomenological study (Arslanian-Engoren and Scott). 2003;32:328-34

Systole
SAM-systolic anterior motion of the anterior mitral valve leaflet post-surgical mitral valve repair (Charls). 2003;32:402-6

T

Tachycardia
Tachycardia in Ebstein's anomaly (Nikolić). 2003;32:347-9
Triple tachycardia (Nikolić). 2003;32:67-9
